

Postgraduate Administrator (Part Time)

Department of Genetics

Closing date: Tuesday 7th May 2024

Job Reference: PC41224

Postgraduate Administrator (Part Time)

Salary:

£25,742 - £29,605 (pro-rata)

Contract:

Permanent

Location:

Cambridge

Department:

Genetics

Responsible to:

Departmental Administrator

Working Pattern:

The hours for this role are part time 29.2 hours per week (80% of full time) spread across 4 or 5 days per week, Monday to Friday.

Purpose of the role

The Department of Genetics is a thriving, dynamic and friendly institution within the University of Cambridge, dedicated to the pursuit of world-class research, teaching and learning. The Postgraduate Administrator is one of the core administrative support roles in the Department of Genetics and provides administrative support for the full lifecycle of the postgraduate student experience.

Key responsibilities

- Liaise with academic staff on all aspects of the postgraduate student lifecycle. Prepare, edit and distribute handbooks, induction and course material, course requirements and documentation submissions. Actively contribute to improvements in processes and procedures.
- Act as first point of contact for enquiries from current and prospective students regarding the MPhil and PhD courses, such as application process, funding and course requirements. Provide advice on application processes and entry requirements.
- Carry out administration of applications, admissions and progression of students on the postgraduate courses. Ensure successful applicants have what they require eg University cards, computer IDs etc. Monitor student support, progress and submissions, liaising with supervisors and the Degree Committee office, updating local and University records where required.
- Provide student visa guidance, liaising with the University's International Student Office when necessary.
- Coordinate assessment procedures – ensure dissertations and other assessed work is submitted on time, keep records of submissions, ensure examiners are appointed, ensure examiners reports are received on time.
- Act as Secretary to the Department Postgraduate Education Committee, arrange and attend committee meetings, create agenda, take and circulate minutes and ensure follow up actions are implemented. Prepare data and documents to assist with studentship funding application ranking, record decisions taken at the decision meeting and submit studentship applications via relevant systems.
- Enter details of studentship payments onto the relevant University system and organise payments according to schedule.

Purpose of the role continued

- Maintain administrative systems and an electronic central office filing system, including a database of enquiries, applications, students, lecturers and other contacts. Maintain the Moodle site, ensuring information is up to date at all times.
- Organise events (eg course recruitment open days and online sessions) and assist with events being organised by the postgraduate students.
- Gather, prepare and collate course information, e.g. course feedback, student course activities and information for departmental reviews as requested.
- Update the relevant area of the Department's website, use the Department's social media channels to interview current students and advertise the postgraduate programmes. Add postgraduate student related information to the Department's monthly newsletter.
- Along with other members of the professional support staff, assist with ad-hoc cover for the Department's reception during holiday and sickness absence periods.

Person Specification

Criteria	Essential	Desirable
Education		
A good general education to A-level standard/NVQ level 3 or equivalent level of practical experience	✓	
Experience		
Previous administrative experience	✓	
Experience of working with multiple processes and working to tight deadlines		✓
Skills		
Excellent IT skills, to include MS Office	✓	
Excellent communication and interpersonal skills	✓	
Excellent organisational skills and ability to prioritise own workload	✓	
High level of accuracy and attention to detail	✓	
Demonstrate knowledge of facts, principles, processes and general concepts related to course administration	✓	

The Department of Genetics is a world-class research and teaching environment with particular strengths in quantitative approaches to genomics, epigenetics, population and evolutionary genetics, cell and developmental biology, and microbial genetics. There are 24 different research groups led by Principal Investigators (PIs) in academic or senior research roles. In total there are 20 academic staff, 55 members of research staff, 80 postgraduate students and an excellent team of 42 academic-related and assistant professional support staff. It has multiple collaborative links with other local institutes, particularly the Gurdon Institute, the Sainsbury lab, and the Cambridge Stem Cell Institute as well as with colleagues at the Biomedical Campus, the Wellcome Trust Sanger Institute and the European Bioinformatics Institute. It participates in a range of University Strategic Research Initiatives including Cambridge Neuroscience, Infection and Immunity, and Reproduction. Members of the Department contribute to several of the School of Biological Sciences Research Themes, including leadership roles in Functional and Evolutionary Genomics, and Reproduction, Development and Lifelong Health (<https://www.bio.cam.ac.uk/research/research-themes>). The Department is fully committed to the University Open Research agenda (<https://osc.cam.ac.uk/open-research/open-research-position-statement>) and strongly supports efforts to increase research reproducibility and transparency.

The Department is located on the Downing Site in the centre of Cambridge, with an Evolutionary Genetics Laboratory 3 miles to the west of the city centre. The Department prides itself on the excellence of its research and teaching and has recently undergone major refurbishment providing state-of-the-art analytical and experimental research space, with additional community areas. There is a substantial research programme supported by external funding and a teaching programme covering a wide variety of courses ranging from small group tuition to lectures for 300-400 students.

The Department offers a stimulating, friendly and supportive work environment, we encourage innovation in research, teaching and the way we work. All staff are encouraged to play a full part in the life of the Department through teaching, research, participation in a range of seminars, regular staff meetings and social gatherings and activities. We also have an active social media presence and encourage all staff to share their achievements.

We have a number of Departmental committees (Strategy, Infrastructure, Safety, Postgraduate Education, Teaching and Equality & Wellbeing) with representatives from different staff groups helping to develop and improve our policies and ways of working. These are supported by smaller working groups such as the Library and IT Working Group and the Professional Support Staff Forum.

When possible, the Department encourages a vibrant social life which includes regular happy hours, various get-togethers throughout the year, and a variety of wellbeing activities. The Department values interactions with the wider community and there are opportunities to contribute to outreach through for example the Annual Cambridge Festival, Library activities, interactions with local schools and many others.

The Athena SWAN Charter was launched in June 2005 to recognise and reward commitment to advancing the careers of women working in higher education in science, technology, engineering, mathematics and medicine (STEMM). Although developed to address the lack of female representation in these subjects, the activities that support the Charter contribute towards a more positive working environment for all. The Department currently holds Athena Swan Bronze Award status, attained in October 2018. This is supported by ongoing activities; actively encouraging female research staff into group leader positions, instigating dignity at work seminars for all staff, publicising and promoting our outreach and public engagement and promoting equality and wellbeing and family friendly policies (amongst others).

The School of Biological Sciences

The School of the Biological Sciences is one of the six Schools that are responsible for delivering teaching and research and the administration of those activities within the University. The School delivers internationally leading research and teaching on animal, plant and microbial science at scales that range from the atomic, molecular and cellular through whole organisms to populations and communities. The research impacts on the pharmaceutical and biotechnological industries, on human and animal health and the clinic as well as in conservation, agriculture and the environment.

About the School

The School of the Biological Sciences employs around 2000 staff teaching over 4000 students (around 2000 undergraduates in the Natural Sciences, Medical Sciences and Veterinary Sciences and Psychological and Behavioural Sciences Triposes plus around 2000 postgraduates).

The School collaborates closely with the School of Clinical Medicine. The joint Graduate School of Life Sciences looks strategically at postgraduate provision and education across the two Schools and at the undergraduate level the Medical Education Committee oversees medical education.

The School is currently arranged in two Faculty Boards (Biology and Veterinary Medicine) which are divided into nine Departments: Biochemistry, Genetics, Pathology, Pharmacology, Physiology, Developmental and Neuroscience, Plant Sciences, Psychology and Zoology are part of the Faculty Board of biology while Veterinary Medicine is part of the Faculty Board of Veterinary Medicine.

The School also contains four major interdisciplinary Institutes: Wellcome Trust/CRUK Gurdon Institute for Cancer and Development, Wellcome Trust/MRC Stem Cell Institute, Cambridge Centre for Crop Science and the Sainsbury Laboratory for Plant Development. It has also incorporated the MRC Toxicology Unit. The School is actively encouraging inter-departmental collaboration with the implementation of six cross-cutting Research Themes. All academic members of staff within the School belong to one of the Research Themes with the aim of encouraging new conversations and enhancing interdisciplinary networking. More information on the Research Themes can be found here: <https://www.bio.cam.ac.uk/research/research-themes>

The School is involved with several Strategic Research Initiatives including a major role in the Cambridge Conservation Initiative. The School is associated with the Museum of Zoology and the Botanic Garden. Key officers of the School plus details of relevant Research Ethics Committee (Human Biology and Psychology) can be found on the School's website <https://www.bio.cam.ac.uk/>

Terms of Appointment

Tenure and probation

The appointment will be made on a permanent basis.

Appointment will be subject to satisfactory completion of a six month probationary period.

Hours of Work and Working Pattern

The hours for this role are part time 29.2 hours per week (80% of full time) spread across 4 or 5 days per week, Monday to Friday.

Hybrid Working

The University is supportive of hybrid working, where some work is undertaken on University premises and some in a remote working environment. The aim of our approach is to enable as many staff as possible to work in a hybrid way if they wish and where their role allows. The expectation in the Department of Genetics is that a minimum of 3 days a week will be spent in the office.

Pension

You will automatically be enrolled to become a member of CPS (Contributory Pension Scheme) – a defined benefit and defined contribution pension scheme. For further information please visit:

www.pensions.admin.cam.ac.uk/.

Annual leave

Full time employees are entitled to annual paid leave of 36 days inclusive of public holidays. For part-time employees, annual leave will be pro rata'd based on days worked.

General information Pre-employment checks

Right to work in the UK

We have a legal responsibility to ensure that you have the right to work in the UK before you can start working for us. If you do not have the right to work in the UK already, any offer of employment we make to you will be conditional upon you gaining it.

Health declaration Once an offer of employment has been made the successful candidate will be required to complete a work health declaration form.

Qualifications

The person specification for this position lists qualifications that are essential and/or desirable. Please note that if you are offered the post you will be asked to provide your relevant original certificates of these qualifications.

References - offers of appointment will be subject to the receipt of satisfactory references.

Equality and Diversity

We particularly encourage women and /or candidates from a Black, Asian and Minority Ethnic background to apply for this vacancy as they are currently under-represented at this level within our University.

Information if you have a disability

The University welcomes applications from individuals with disabilities. We are committed to ensuring fair treatment throughout the recruitment process. We will make adjustments to enable applicants to compete to the best of their ability wherever it is reasonable to do so and, if successful, to assist them during their employment. Information for disabled applicants is available at <http://www.admin.cam.ac.uk/offices/hr/staff/disabled/>

We encourage you to declare any disability that you may have, and any reasonable adjustments that you may require, in the section provided for this purpose in the application form. This will enable us to accommodate your needs throughout the process as required. However, applicants and employees may declare a disability at any time. If you prefer to discuss any special arrangements connected with a disability, please contact, Sam Laister, HR Coordinator, sl725@cam.ac.uk

The University

The University of Cambridge is one of the world's oldest and most successful universities. We are a renowned centre for research, education, and scholarship that makes a significant contribution to society. The University is consistently ranked amongst the top universities in the world. Our affiliates have won more Nobel Prizes than any other University.

Our sustained pursuit of academic excellence is built on a long history of world-leading teaching and research within a distinctive collegiate system. For eight centuries our ideas and innovations have shaped the world. Our principal goal is to remain one of the world's leading universities in an increasingly competitive global higher education sector. Today the University of Cambridge is at the centre of a cluster of over 4,300 businesses employing 58,000 people.

Our capital investment projects include academic and commercial growth at both the West Cambridge Innovation District, and the Biomedical Campus in the south of the city. Eddington, in North West Cambridge, is a mixed-use development including key worker housing for staff, a community centre and a new primary school, managed by the University. Through these projects, the University is deeply embedded in, and committed to serving, our local community. These are all conspicuous signs of a University that is not only adapting to new needs, but also anticipating the future.

Our mission is to contribute to society through the pursuit of education, learning, and research at the highest international levels of excellence. Our core values are:

- freedom of thought and expression; and
- freedom from discrimination.

About Us

The University is one of the world's leading academic centres. It comprises 150 faculties and departments, together with a central administration and other institutions. Our institutions, museums and collections are a world-class resource for researchers, students and members of the public representing one of the country's highest concentrations of internationally important collections.

The University has an annual income of £2 billion. Research income, won competitively from the UK Research Councils, the European Union (EU), major charities and industry, exceeds £500 million per annum and continues to grow.

The Colleges and the University remain committed to admitting the best students regardless of their background and to investing considerable resources both in widening access and financial support. The 31 Colleges are self-governing, separate legal entities which appoint their own staff. Many academic staff are invited to join a College as a Teaching Fellow, which provides a further social and intellectual dimension. The Colleges admit undergraduate students, provide student accommodation and pastoral support and deliver small group teaching for undergraduates.

The University awards degrees and its faculties and departments provide lectures and seminars for students and determine the syllabi for teaching.

Our instinct for seeking out excellence and setting up enduring and mutually beneficial collaborations has led us to establish strategic partnerships across the globe. Whether it is the successful Cambridge-Africa Programme involving universities in Ghana, Uganda and elsewhere on the African continent; or the close association with the government of India to pursue new research in crop science; or the creation, with Germany's Max Planck Institutes, of a Cambridge-based centre for the study of ethics, human economy and social change – international partnerships are now an inextricable part of the University's make-up.

“Cambridge graduates and researchers have made – and continue to make – a colossal contribution to human knowledge and the understanding of the world around us. Their work touches on the lives and livelihoods of everyone from patients diagnosed with life-threatening diseases, to residents of areas critically affected by climate change, to children growing up in conflict zones. It has a lasting impact on our society, our economy and our culture: the world is truly a better place thanks to their efforts.”

Stephen Toope, Vice Chancellor 2019

Working at the University

Working at Cambridge you will join a diverse, talented and innovative community, with more than 23,000 students and over 16,000 staff from all walks of life and corners of the world.

The University continually explores strategies to attract and retain the best people. It is committed to supporting its staff to achieve their best. We are a fair, diverse and inclusive society and we believe our staff are our greatest asset. There is strong commitment to developing institutional leadership and supporting and encouraging staff development at all levels.

We offer a variety of roles including academic, research, professional, managerial and support roles. We also offer extensive benefits and excellent learning opportunities within a stimulating working environment.

The University's estate is undergoing the most significant transformation in its history. Cambridge has been able to create a science and technology campus to the west of the city centre, and is expanding further to the north west of Cambridge including investing in affordable homes for University key workers and community facilities. Even with our continued development, the University remains within walking or cycling distance across the campus. The University is a major partner on the Cambridge Biomedical Campus and we continue to redevelop our historic city centre sites demonstrating our determination to ensure that we can offer the best facilities and opportunities for our staff and students.

Equality & diversity

The University has built its excellence on the diversity of its staff and student community. We aim to be a leader in fostering equality and inclusion, and in promoting respect and a sense of belonging for all. We encourage applications from all sections of society. All appointments are made on the basis of merit. We have an Equal Opportunities Policy, along with a range of diversity groups, including the Women's Staff Network, Race Equality Network and LGBT+ Staff Network. More details are available here:

<http://www.equality.admin.cam.ac.uk/>

The University has a bronze Race Equality Charter award, with a framework for improving the representation, progression and success of minority ethnic staff and students within higher education. Furthermore, the University's silver Athena swan award recognises and celebrates good practice in recruiting, retaining and promoting gender equality.

Living in Cambridge

Cambridge is rich in cultural diversity. From beautiful University and College buildings, museums and art galleries, quaint gardens and punts on the River Cam, to a vibrant restaurant and café scene, our employees are surrounded by the wonderful features of this unique city.

You can find a wide-range of high street shops and 3 shopping centres, with independent alternatives at the historic market and nestled within the passageways in the city centre. You will find a cinema, bowling alley, a nightclub and various live performances at the Cambridge Leisure Park, with further entertainment options at the Corn Exchange, Arts Theatre and the ADC Theatre. Further information can be found on the Visit Cambridge website.

If you prefer the faster pace of life, London is a 45 minute train journey away. For those travelling from overseas, Stansted Airport is just 45 minutes away and Heathrow Airport under 2 hours away. The University is a short distance from a host of other attractions such as Ely Cathedral, Newmarket Races and various wildlife parks and stately homes. Cambridge is also within easy reach of the beautiful Broads and coastlines of Norfolk and Suffolk.

Relocation Support

The University recognises the importance of helping individuals to move and settle into a new area. We provide support and guidance to those relocating internationally or domestically to take up a post at the University of Cambridge, liaising with other University offices and selected partners to ensure comprehensive relocation support is available. This includes: accommodation, childcare, schools, banking, immigration and transport. If you would like further information, please visit <https://www.accommodation.cam.ac.uk/RelocationService/>. The Shared Equity Scheme and the Reimbursement of Relocation Expenses Scheme provide financial assistance to qualifying new members of staff with the costs of relocating to Cambridge.

Accommodation Service

The University Accommodation Service helps staff, students and visiting scholars who are affiliated to the University in their search for suitable accommodation in Cambridge. The dedicated accommodation team can provide access to a wide range of University-owned furnished and unfurnished properties, and has a database of private sector accommodation available for short and long-term lets. For further information and to register with this free service please visit <https://www.accommodation.cam.ac.uk/>

What Cambridge can offer

We offer a comprehensive reward package to attract, motivate and retain high performing staff at all levels and in all areas of work.

The University offers a wide range of competitive benefits, from family leave entitlement, to shopping and travel discount schemes. Our generous annual leave package contributes to the positive wellbeing of our University employees. Sabbatical leave enables academics to focus on research and scholarship, whilst still maintaining their full salary. The University also has a [career break scheme](#) for academic and academic-related staff, with additional flexible working policies for all other staff.

Pay and benefits

The University salary structure includes automatic service-related pay progression in many of its grades and an annual cost of living increase. In addition to this, employees are rewarded for outstanding contribution through a number of regular pay progression schemes. The University offers attractive pensions schemes for employees, with an additional benefit of a salary exchange arrangement providing tax and national insurance savings.

CAMbens employee benefits

The University offers employees a wide range of competitive benefits, known as CAMbens. CAMbens offers something for everyone across a range of categories, including:

- Financial Benefits, including shopping discounts (both local and national) and a Payroll Giving scheme;
- Relocation and Accommodation Benefits, including relocation assistance and interest-free Rental Deposit Loans;
- Travel Benefits, including Cycle to Work, discounts on train season tickets and interest-free Travel to Work loans;
- Family Friendly and Lifestyle Benefits, including support with childcare and family friendly policies;
- Health and Wellbeing Benefits, including a University Staff Counselling Service, discounts at the University Sports Centre, and other local gyms, and healthcare schemes.

What Cambridge can offer

Family-friendly policies

The University recognises the importance of supporting its staff. We have a range of family-friendly policies to aid employees' work-life balance including a generous maternity, adoption and shared parental leave entitlement of 18 weeks full pay, and paid emergency leave for parents and carers.

Other family-friendly support includes:

Our highly regarded workplace nurseries, a childcare salary exchange scheme and a high quality holiday Playscheme may be available to help support University employees with caring responsibilities (subject to demand and qualifying criteria). Further childcare information can be found here:

<https://www.childcare.admin.cam.ac.uk/>

The Newcomers and Visiting Scholars Group is an organisation within the University run by volunteers whose aim is to help newly arrived wives, husbands, partners and families of Visiting Scholars and members of the University to settle in Cambridge and give them an opportunity to meet local people. The Postdoc Academy supports the postdoctoral community within Cambridge. Further details are available here: <https://www.postdocacademy.cam.ac.uk/>

Your wellbeing

The University's Sport Centre, Counselling Services and Occupational Health are just some of the support services available to University employees to promote their physical and mental wellbeing. The University delivers The Festival of Wellbeing annually, which is a programme of stimulating talks and activities, which aim to promote wellbeing and good mental and physical health. The University also hosts the [Cambridge Festival](#), which is a great opportunity to get your first taste of public engagement, through volunteering, supporting hands-on activities or proposing a talk.

Development opportunities

We support new employees to settle in through various activities as well as supporting their professional and career development on an ongoing basis. Our Personal and Professional Development (PPD) team provide development opportunities for all University employees, including face-to-face sessions, online learning modules and webinars. All employees also have unlimited access to LinkedIn Learning to support their development. Both new and existing employees can undertake funded Apprenticeships, which lead to a range of vocational and professional qualifications. We offer reduced staff fees for University of Cambridge graduate courses and the opportunity to attend lectures and seminars held by University departments and institutions. A range of University training providers also offer specialist learning and development in their own areas e.g. teaching and learning, digital literacy, finance, health and wellbeing, safety.

How to apply

Applications should be submitted online via the University of Cambridge jobs page www.jobs.cam.ac.uk by clicking “Apply online” in the job advert. You will need an email address to register for our online system.

Conversations about flexible working are encouraged at the University of Cambridge. Please feel free to discuss flexibility prior to applying (using the contact information below) or at interview if your application is successful.

Informal enquiries are welcomed and should be directed to:
Casey Mein, Departmental Administrator
Email: genda@gen.cam.ac.uk

If you have any queries regarding the application process please contact Sam Laister sl725@cam.ac.uk

**The closing date for applications is midnight on Tuesday
7th May 2024.**
